

JAYMA

Reference Guide

FARCRY
PRIMAL

JAYMA is a fierce, heavily-scarred Wenja hunter.

She has spent her life in the wilds hunting the fiercest beasts.

The lifespan of most hunters in Oros is extremely short considering the numerous dangers that abound. She has a few faithful Wenja hunters who walk with her, eager to learn from this old master. She's in her twilight years and looking to pass on her experience to a worthy hunter.

She has yet to find that hunter.
